Pollution Exposures

May 27, 2021 (8 am - 12 pm)
Online - GoToWebinar

This half-day course is designed for licensed agents, adjusters and underwriters that deal with commercial accounts. This program combines insurance product with account handling/survey needs. The course is created for students with three to five years of experience.

Course Objectives

- To identify the areas of environmental exposure for businesses and organizations.
- To identify and explain the legal concepts that are related to environmental legal liability of persons and organizations.
- To identify and explain sources of environmental liability based upon important federal statutes.
- To explain the pollution exclusions found in the CGL, Property, BAP, Garage, and Umbrella forms and in some cases identify the endorsements that modify the exclusions to add or restrict coverage.
- To identify and explain the types of environmental insurance coverages that are available to fill gaps left by pollution exclusions in standard liability policies.

Approved for 4 p-c CE credits in Mo. and Kan.

Topics Covered Include:

- Legal concepts related to pollution liability
- Important federal environmental statutes
- Coverage gaps in commercial policies
- Types of environmental insurance available
- Analysis of the Pollution Liability policy

Instructor:

R. Bryan Tilden, CIC, CPCU, CLU, ChFC, ARM, ALCM, SCLA

Bryan is a national lecturer and expert witness in the field of insurance. Prior to starting his own firm, he was the director of technical affairs and director of education for IIANC. Since entering the insurance business in 1974 as an account executive, he has worked for major brokerage firms on Fortune 100 accounts around the nation. He specialized in large retention programs, utilizing the international insurance marketplace.
